

Technical Challenge 01 - Folio Agency

In this week's challenge, you will need to create this folio agency that will be available through figma (<https://www.figma.com/file/L4GLHjNOrJSwxUt8QUx1TE/Desafio-01--Programa-de-Bolsa-React-20-05?type=design&node-id=0-320>);

Guidelines for the development of the project:

- It will not be necessary to use JavaScript;
- Create a private repository using Git and upload it to GitHub.
- Add the instructors as collaborators to your repository.
 - * makeli.nascimento@compasso.com.br
 - * jonatan.machado@compasso.com.br
 - * luis.silva@compasso.com.br
 - * thiago.augustin@compasso.com.br
 - * jose.abreu@compasso.com.br
- Any identified copy will result in challenge void;
- **CHALLENGE DELIVERY (DEADLINE): 06/19/2023**

REQUIREMENTS:

- Use only HTML and CSS
- Develop with Semantic HTML
- Responsive screen;
- Staying loyal to its original design.
- Set a screen size as primary;

- README:

- project status;
- Technologies used;
- Instructions on how to run the project;
- Screen size chosen to be the main one;
- Any other information that the developer deems important;

NOTE: Any questions, contact instructors via Teams chat.

Point out impediments on dailies.

Check the meeting recording for explanation on how to add collaborators.
